# Pennsylvania Relay

## Important Information Regarding Pennsylvania Relay

### Dial 7-1-1

to Access Pennsylvania Relay

#### Customer Care Information:

PARelay@HamiltonRelay.com

www.PARelay.net

*\*Some buildings with a PBX telephone system (often in hotels and offices that have extension numbers) make reaching 7-1-1 not possible. The above 800 numbers can be dialed when not able to get through to 7-1-1.*

#### Captioned Telephone Customer Service

English: 888-269-7477

#### To call a Captioned Telephone user, dial:

711 or 877-243-2823

### Pennsylvania Relay?

Pennsylvania Relay is a public service that guarantees all citizens access to prompt, professional and precise communication through the telephone. Consumers of these specialized services, specifically individuals who are deaf, deaf-blind, hard of hearing or have difficulty speaking, can communicate on the telephone via TTY, Voice Carry Over (VCO), Hearing Carry Over (HCO), Speech-to-Speech (STS), Spanish-to-Spanish and Captioned Telephone in order to connect with family, friends or businesses with ease.

### How Pennsylvania Relay works:

Simply dial 711 to connect with Pennsylvania Relay. A qualified Communication Assistant (CA) will ask for the area code and number of the person you wish to call and begin the relay call. Generally, the CA will voice the typed message from the text telephone (TTY) user to you. The CA then relays your voiced message by typing it to the TTY user.

### Specialized Services:

Pennsylvania Relay offers specialized services for individuals who have difficulty speaking and for Spanish speaking residents. Specially trained CAs are on hand to assist in these types of calls. Since Pennsylvania Relay offers a variety of services please refer to the website listed or call Pennsylvania Relay Customer Care for more detailed instruction on how a particular call is processed.

### Captioned Telephone Relay Service (CTRS):

CTRS is also available and is ideal for individuals with hearing loss who are able to speak for themselves. A captioned telephone works like any other telephone with an essential difference: it allows users to listen to their phone conversations while reading word-for-word captions of what's said to them.

### Access to Services:

711 provides toll-free access to relay services. If you are experiencing trouble dialing 711 to reach Pennsylvania Relay, please call Pennsylvania Relay Customer Care.

All TRS and English Captioned Telephone services are available 24 hours a day, seven days a week. Spanish Captioned Telephone is available daily from 8:00 a.m. to 12:00 a.m. EST. Consumers may place relay calls to English and Spanish speaking persons within Pennsylvania, across the United States and even internationally. By law, each conversation is handled with strict confidentiality.

### Special points of interest:

#### Equipment Distribution Program

The Telecommunication Device Distribution Program (TDDP) offers amplified phones, TTYs, Voice Carry Over (VCO) phones, Captioned Telephones and other equipment to eligible individuals in Pennsylvania who are deaf, deaf-blind or who have difficulty with speech, mobility and cognitive capabilities. For more information, visit [techowpa.org](http://techowpa.org) or call 800-204-7428 (Voice), 866-268-0579 (TTY).

#### Emergency Calls

Please note that 711 is only to be used to reach Pennsylvania Relay. **In an EMERGENCY you should continue to use 911.** For emergencies, call 911 or your local emergency service TTY number directly, without using relay. The Americans with Disabilities Act (ADA) requires that 911 centers have a TTY and be prepared to handle emergency calls placed in this manner. Pennsylvania Relay will make every effort to assist you in an emergency. However, it is important to understand that relay centers are **not** 911 centers and do not assume responsibility for emergency calls.

# Repair Service and Troubleshooting

## REMOVING YOUR WALL PHONE

**Note:** These instructions apply only when you are replacing an existing non-modular wall telephone with a new modular wall telephone.

**Tools Needed:** Screwdriver and wire cutters with insulated grips.

### INSTRUCTIONS:

1. Caution: Your telephone may have varying amounts of electricity in the wires and screws. Therefore, to avoid the possibility of electrical shock, follow the instructions below:

If you have a telephone at a location other than the one you are converting, take the handset off the hook. (This will keep the phone from ringing and reduce the possibility of you contacting electricity.

While you're doing this, ignore messages coming from the handset which ask you to hang up the phone.) If you have only one telephone, take the handset of that telephone off the hook.

- Avoid hand contact with bare wires or screws.
  - Use tools with insulated handles or use rubber gloves.
  - Do not install this device while a thunderstorm is in the vicinity.
2. Determine if your telephone is already modular. It is, if any of the following conditions exist:
    - Both ends of the handset cord can be unplugged.
    - The telephone is mounted on a 3" X 4 1/2" stainless steel plate.
    - It can be removed by lifting it up and pulling it out.

If your telephone is not modular, follow the instructions below which apply to the wall telephones shown in figures 1-4.

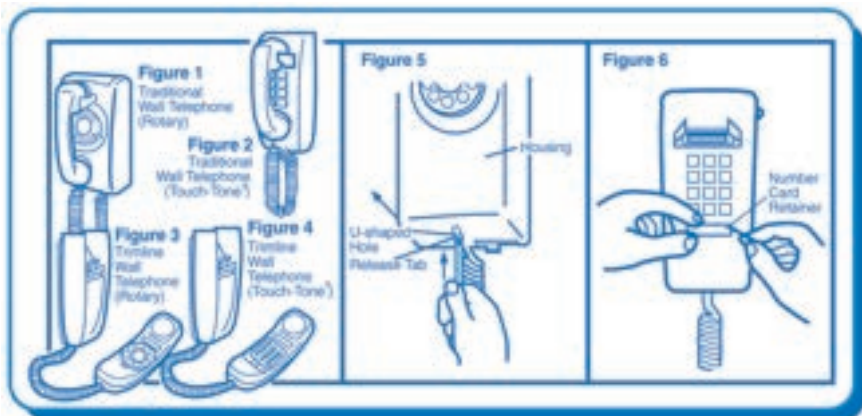

**Note:** The remaining illustrations found throughout these instructions are intended to show a typical phone. Your specific phone may have a slightly different location for number card retainers, telephone wire entry points, screw lugs and mounting screws.

### For traditional wall telephone (rotary), see figure 1.

3. Locate the U-shaped hole in the bottom of the wall set (where the handset cord enters the wall set - see figure 5).
4. Place a blunt object (such as a pencil eraser) against the release tab found in the U-shaped hole (see figure 5).
5. To release the housing, press in on the bottom of the housing while pressing up with the pencil on the release tab.
6. Pull the housing toward you, unhooking the latch from the spring at the top of the phone. Now go to step 11. For other phones shown in figures 2, 3, & 4, proceed with Step 7.
7. Locate the small hole on the inside of the clear plastic number card retainer (see figure 6).
8. Insert a straightened paper clip into the hole and bend outward, causing the plastic to pop out.
9. Remove the number card, exposing two screws.
10. Remove these two screws and lift the housing off the base.

### For all wall telephones:

11. Locate the telephone wire(s) entering your phone. You may have to remove the phone from the wall to locate the wire(s). If necessary, follow step 13.
12. With wire cutters, cut the four colored conductors (red, green, yellow and black) coming from the wire(s) found above, at the screw lugs (see illustration on page 5).
13. Remove the two screws holding the telephone to the wall and remove the phone.

# Repair Service and Troubleshooting

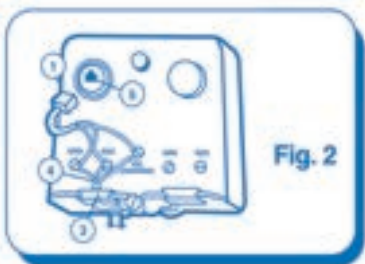

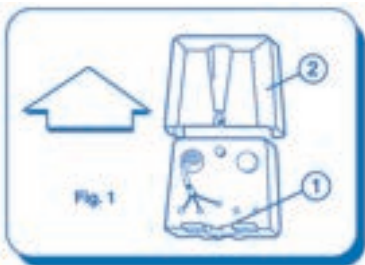

## CONNECTING YOUR INSIDE WIRE TO A NETWORK INTERFACE DEVICE

The Network Interface Device (NID) enables customers to connect their own inside telephone wiring with the telephone company's network. There are a number of different types of NIDs that Consolidated Communications currently uses, including a 1-2 line unit and a 1-6 line unit.

To connect your inside wiring to the NID, follow the steps that apply to the unit on your building.

### 1-2 LINE UNIT

1. (See Fig. 1) Open the unit by loosening the screw at the bottom of the NID.
2. Lift the outer cover straight up over the grommet at the bottom of the NID.
3. (See Fig. 2) Disconnect inside wiring modular plug from jack. Your inside wiring ends with separate wires, as shown. Each wire is in a different color: red, green, black and yellow.
4. Insert inside wiring through the rubber grommet at the bottom of the unit. Push any extra wire length back into the building.
5. Connect inside wires to screw terminals. Loosen the screw posts one full turn. Strip off one-half inch of insulation from each wire and connect them to the color corresponding screw post, wrapping each clockwise between the washers on the screw. In some cases, you may not have a black or a yellow wire. If a black wire is present, do not use. Bend the black wire out of the way.
6. Close the unit. Slide the outer cover all the way down over the top of the unit.
7. Tighten the screw at the bottom of the unit.

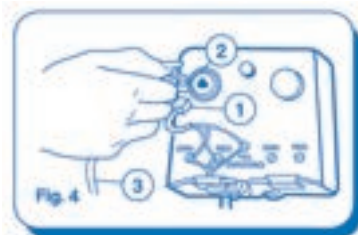

### 1-6 LINE UNIT (See Fig. 3)

1. Unscrew the Network Interface cover at the Customer Access point and open.
2. Disconnect the modular plug from test jack. If you have DSL and/or DVS service, disconnect only the modular plug with the VOICE label. This disconnects your inside wiring from the phone company's line.
3. Using a pen or pencil, punch a hole through the grommet and pass the wire through the hole in the grommet (punch one hole for each wire). Pass the wire through the hinge pin.
4. Loosen the screw posts on the customer wiring bridge one full turn. Strip off the one-half inch of insulation from each wire and connect them to the color corresponding screw post, wrapping each clockwise between the washers on the screw. Tuck excess wire in wiring trough. Tighten screws securely.
5. Snap modular plug back into test jack. Close the cover and screw the fastener down until the cover is snug and tight.

## HOW TO TEST YOUR INSIDE WIRING WITH NETWORK INTERFACE DEVICE (See Fig 4).

1. Disconnect the inside wiring modular plug from the jack (see instructions above). If you have more than one line, select the test jack for the line that is causing the problem.
2. Connect the modular plug of a working telephone directly to the jack. If you have DSL and/or DVS service, be sure to connect your phone to the test jack labeled VOICE.
3. If the telephone operates correctly, the trouble is in the inside wiring. If the telephone does not act/work properly, contact Consolidated Communications repair service Toll Free at 1.844.968.7224.

# Repair Service and Troubleshooting

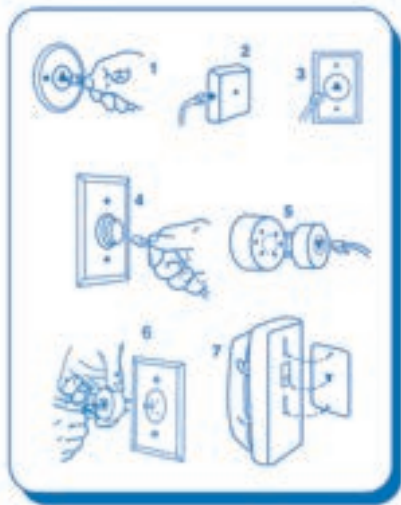

## HOW TO CONNECT YOUR PHONES

The illustrations below should be helpful to you when installing or disconnecting your telephones.

Illustrations 1 through 4 show wall receptacles (standard jacks), which can accommodate modular telephone cords. To install your phone, match the plug at the end of the telephone cord with the receptacle and insert. To disconnect the phone, squeeze the clip on the plug and pull out of the receptacle.

Illustrations 5 and 6 show receptacles (non-standard jacks), which can be made to accommodate modular telephone cords by the use of adapters. The adapters simply plug into the receptacle. With the adapter in place, follow the above steps to install your phone.

A receptacle for a wall-mounted telephone is shown in illustration 7. To connect your wall phone, match the holes in the back of the telephone with the rivets on the wall mounting, push the telephone lightly against the mounting while sliding it down into place over the rivets. To disconnect, slide the telephone up to lift it off the rivets, then pull the phone away from the receptacle. Types of modular jacks other than those shown in illustrations may be encountered.

## MAINTENANCE PLAN

Consolidated Communications offers your residence and business a maintenance program for your jacks and wiring.

The minimum contract period is 12 months. WireCare maintenance is offered to all residential and single-line business customers for a monthly charge. WireCare covers only the repair and/or replacement of existing jacks and telephone wiring inside the customer's home or business. Telephones are NOT covered under this

plan. If a service call is made to a home or business and Consolidated Communications finds that the problem is in the customer's telephone, the customer will be charged for the service call. Contact your local business office for current rates at 1.844.968.7224.

### What WireCare Covers:

- \* All service calls
- \* Routine testing and diagnostic work
- \* Repair or replacement of standard inside wiring with like wiring
- \* Repair or replacement of existing jack
- \* If you pay off-premises mileage to an unattached structure at a different location, your WireCare plan also covers inside wiring at that location

### What Is Not Covered By WireCare:

- \* Fire and acts of God (lightning, floods, etc.)
- \* Improperly installed or non-standard wiring
- \* Repair or replacement of telephones
- \* Inside wiring in an unattached structure (customer is not paying off-premises mileage)

The minimum contract period is 12 months.

If you need additional information or would like to order any of these services, call your Consolidated Communications customer Service Representative at 1.844.968.7224.

## REPAIR VISIT CHARGES

If you have tested your phones following the instructions on page 4, and if you still experience problems with your service, call our Repair Department at 1.844.968.7224 after Repair Department at. We will first test your equipment from our office. When necessary, we will visit your location to do the repair work.

If you do not subscribe to the Maintenance Plan and the problem is found in your inside wiring or telephone equipment, you will be responsible for a repair visit charge and the repair costs. You may make the repairs yourself, hire a qualified technician or have our repair department do the work. You will be charged our current rate per 1/4 hour with labor plus any necessary material cost if you choose to have our repair department do the work.

# Repair Service and Troubleshooting

## PREWIRING

If you are planning an addition to your existing home or business, or constructing a new building, consider the importance of prewiring your walls for future telephones. Prewiring allows you to plan your telephone locations in advance and avoid exposed wires. Call the Business Office to inquire about prewire package plan prices, then place your order before the new walls are closed.

## OUTLET INSTALLATION

You may save labor and service order charges by installing additional outlets yourself. Standards for simple inside wiring and instructions for its installation are available in our customer oriented installation booklet, "Outlet Installation and Conversion Guide," which is available upon request by calling our Business Office.

## TESTING YOUR OWN TELEPHONE SYSTEM

If you experience a service problem, and your equipment is found to be at fault, a service visit maintenance charge will apply. You may avoid this charge by testing your own equipment.

To determine whether the problem is within your telephone equipment:

1. Unplug all cordless phones and answering machines.
2. Unplug the telephone which is not working properly.
3. Plug a different working telephone into the jack; if it works properly, the problem is probably within your telephone equipment.
4. Try the phone at another location (such as a friend or neighbor's location). If it works properly somewhere else, the problem is probably within your inside wiring.
5. If your telephone is hardwired and cannot be unplugged, call Repair Service at 1.844.968.7224.
6. If you have more than one phone, and the problem occurs on all phones, you probably have trouble within your inside wiring. If a problem occurs on one phone only, the trouble is probably within the telephone.
7. If the problem is determined to be within your telephone equipment, you are responsible for any required repairs. Once it is determined your telephone is not the problem, if you have a Network Interface Device (NID) located on your home or place of business, you can determine whether a service problem is within your wiring or in the telephone company's lines.

- (1) Locate the NID (usually a gray box installed near the electric meter marked "Telephone Network Interface Device").
- (2) Use a screwdriver to loosen the holding screw (may be identified as "Customer Access"), and open the outer cover of the NID.
- (3) Remove the plastic modular plug from the test jack.
- (4) Plug a working phone directly into the test jack.
- (5) If the phone operates, the fault is within your inside wiring. If the phone does not operate, the problem is probably within the telephone company's lines; call repair at 1.844.968.7224.

WireCare Maintenance will cover all repairs to inside wiring, but not the telephone equipment. If you have no WireCare maintenance with Consolidated Communications, the repair of inside wiring is your responsibility. See the **Maintenance Plan** section for further explanations.

# Local Calling Service

---

## **BASIC MONTHLY TELEPHONE SERVICE**

The flat rated service allows unlimited direct-dial calling for residential customers to your own exchange and to certain other nearby exchanges.

The monthly rate for this service is \$26.14 up to \$32.39.

These rates exclude surcharges, taxes, local and long distance calls and any supplemental feature charges. All rates and listings shown in this directory are correct as of May 2026.

There are also package offerings that may be available in your area. Call your Consolidated Communications Residential Service Representative listed in this directory or visit [www.consolidated.com](http://www.consolidated.com) for additional information. Rates and package offerings are subject to change.

## **MANDATORY 10-DIGIT DIALING**

All local calls made within the Pennsylvania 412/724/878 Area Codes must be placed using the 10-digit telephone number (area code + the 7-digit telephone number).

10-digit dialing does NOT affect three digit codes to reach 711 (Relay Services), 911 (Emergency Services) or any other community codes that may be available in your area.

## **NEW Way To Reach National Suicide Prevention Lifeline By Dialing 988**

On July 16, 2020, the FCC adopted an Order (FCC 20-100) approving "988" as the 3-digit abbreviated dialing code to reach the National Suicide Prevention Lifeline, starting July 16, 2022.

Beginning July 16, 2022, dialing "988" will route your call to the National Suicide Prevention Lifeline.

# Local Calling Scope

Calls within and between area codes 412, 724, and 878 must be dialed using ten digits.

**ATTENTION INTERNET USERS :** Not all Internet companies provide their subscribers with a local access telephone number. If your Internet access provider does not have a local access number, you will be charged for a toll call each time you access your Internet service. The customer is responsible for payment of all toll and long distance charges. Please contact our Business Office to verify the Internet access number you are using is a local call.

**DIALING CELLULAR PHONE NUMBERS :** Not all cellular numbers are included in your local, toll-free calling area even if the area "name" is listed on these local, toll-free calling area pages. If the cellular number you are calling is not a local call, each call placed to it will be billed as a toll call. You will be responsible for these charges. Always contact our Business Office to verify if the number you are calling is a local, toll-free or a toll call.

# Long Distance Information

## OPTIONAL LOCAL PACKAGE AND CALLING PLANS

Consolidated Communications has a local calling package and various calling plans simply designed to fit your calling needs. Please call our business office if you would like a free analysis of which calling plan best suits your calling pattern.

Subscription to Consolidated Communications as your regional (IntraLATA) toll carrier is required to subscribe to any of the Consolidated Communications optional calling plans. In addition, plans that include long distance calling require subscription to Consolidated Communications as your long distance (InterLATA) toll carrier.

## BLOCKING OPTIONS FOR TOLL CALLS

If you would like to block specific types of toll calls on your line, refer to the following list. In most situations, the blocks will prevent the type of calls you have chosen to restrict from your line. However, **depending on where and how a call is placed, the block may not be effective in all cases.** You may request more than one type of blocking.

### Toll Billing Exception – Collect Calls

Prevents collect calls from being placed TO your phone number.

### Toll Billing Exception – Third Number Calls

Prevents others from billing third number calls TO your phone number.

### Customer Requested Toll Denial

Prevents toll calls from being directly dialed FROM your phone number.

### No InterLATA or IntraLATA Carrier

If you choose not to specify an IntraLATA (within the 412/724/878 area codes) or InterLATA (outside the 412/724/878 area codes) carrier, you cannot place directly dialed calls FROM your number unless you first dial an access code for a specific carrier.

### 976/900 Block

Prevents most calls from being directly dialed FROM your number to calls with 976 and 900 prefixes.

### International Block

International blocking is available. Please call our business office for more information.

## IF YOU DIAL AND REACH A WRONG NUMBER, GET A POOR CONNECTION, OR ARE CUT OFF CALLING WITHIN THE 412/724/878 AREA CODE

Promptly hang up and immediately call the operator with the number you dialed. Credit will be granted only for calls matched against actual calls recorded in our toll billing system. This applies to customers who use Consolidated Communications regional calling service. Problems with calls placed through other companies offering long distance service, should NOT be reported to the telephone company operator, but should be referred to the other company in the manner that they have prescribed.

## COIN

See the instruction card on or near the phone you are calling from or call the operator for assistance.

## INTERNATIONAL

See page 14 for instructions on placing International calls.

## YOU WILL NOT BE CHARGED IF...

You hang up before you complete the number, or if the telephone number you call is busy or does not answer.

## LONG DISTANCE AND REGIONAL TOLL CALLING

Equal Access means that you are able to choose the companies who best fulfill your communications needs for regional toll calling (IntraLATA) and long distance (InterLATA) calls. You choose which company or companies will carry your calls when you dial directly from your phone. You must choose your preferred companies by contacting our Business Office. If you wish to use other companies for some of your calls, you may do so by dialing an access code. Contact the companies of your choice for their access codes or to initiate an account with them.

Consolidated Communications offers the safety of a PIC Freeze on your regional carrier and/or your long distance carrier. The PIC Freeze allows Consolidated Communications to reject a request received directly from another carrier to change your chosen carrier selection(s) without your knowledge or approval.

When a PIC Freeze exists on your account, it is necessary that the customer call our Business Office direct to make any changes to the chosen carrier selection(s). This provides a safeguard against a Carrier "slamming". Slamming is the term for a process that changes a telephone customer's local or long distance toll carrier without their knowledge or consent.

## CONSOLIDATED COMMUNICATIONS TOLL SERVICES

Consolidated Communications provides local and regional toll calling service within area codes 412, 724 and 878 (IntraLATA service).

# Long Distance Information

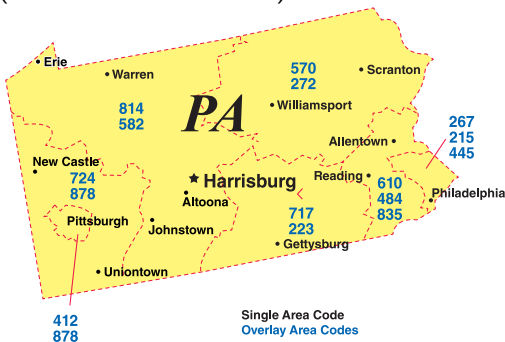

## CONSOLIDATED COMMUNICATIONS TOLL SERVICES (cont'd)

Consolidated Communications also offers long distance service that allows business and residential customers to save money on their InterLATA toll calls.

Consolidated Communications Long Distance provides 24-hour-a-day calling to anywhere in the United States, and to many international locations at competitive rates. Customers may request information about Consolidated Communications Long Distance by calling 1.844.968.7224.

## NUMBERING PLANS/AREA CODES

Currently, Pennsylvania has 15 Numbering Plan Areas (also referred to as Area Codes):

## OPERATOR ASSISTED CALLS

**To place an operator assisted call:**

**WITHIN YOUR AREA CODE, DIAL:**

0 + Area Code + 7-Digit Telephone Number

**OUTSIDE YOUR AREA CODE:**

Consult your Interexchange Carrier for specific dialing instructions.

**TYPES OF OPERATOR ASSISTED CALLS**

### • Collect Calls

You can call "Collect" if the person or firm you are calling agrees to pay the charge. Charging starts when the conversation begins. Also refer to "Blocking Options for Toll Calls" on page 9.

### • Third Number Calls

Third number calls are billed to a number other than the one you are calling from. Also refer to "Blocking Options for Toll Calls" on page 9. An operator may verify acceptance of all third number billing by calling the number to be charged before completing the call.

### • Person-To-Person Calls

Call person-to-person when you wish to talk to a particular person or extension phone. Rates are higher than station-to-station. Charges start when the conversation begins.

### • Calling Card Calls

Calling Card calls that you dial yourself completely are rated lower than operator assisted calling rates and have an initial period of one minute. Calling Card calls

that are placed by the operator are subject to a higher rate or service charge.

Calls requiring the assistance of an operator (person-to-person, coin, collect, billed to a third number, hotel-guest, and time and charge calls) are more expensive than directly-dialed calls.

Whenever you access an operator, you may have to pay a service charge for that contact, depending upon the action taken by the operator.

For example; there is an operator service charge:

1. Anytime an operator places a call for you.
2. When you verify a busy signal.
3. When you verify a line is working or interrupt a call.

If you need to report a repair problem to Consolidated Communications, please dial our Repair Service at 611 when dialing from within Consolidated Communications service area, or 1.844.968.7224 when dialing from outside Consolidated Communications service area. If you call the operator to report a problem, an operator service charge will be applied if the operator places the call for you.

Certainly if you need help in completing a call or have a question about area codes, rates, or other concerns, dialing "0" will put you in touch with an operator who can provide the necessary assistance. You should know, however, that there may also be a charge for these calls.

## TOLL-FREE AREA CODES

The following exchanges have been set aside for use as toll-free numbers:

800, 822, 833, 844, 855, 866, 877, and 888.

To use: Dial 1-8XX + 7-digit number.

\* All codes may not be available in your area.

## N-1-1 SERVICE CODES\*

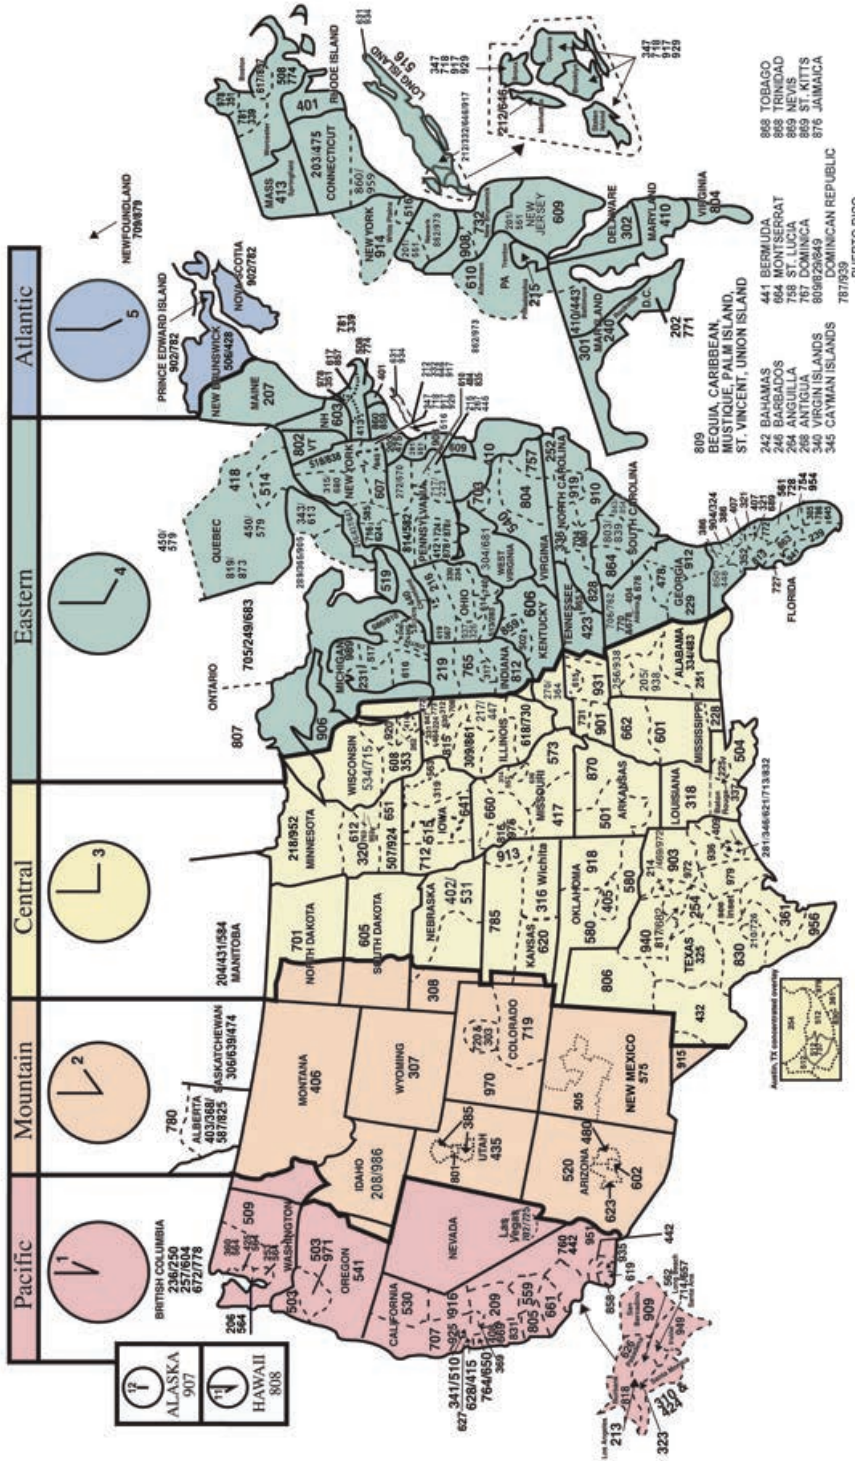

- 011 - Enables International Dialing
- 211 - Community Info. and Referral Services
- 311 - Non-Emergency Governmental Services
- 411 - Directory Assistance
- 511 - Traffic and Transportation Information
- 611 - Repair Service
- 711 - Telecommunications Relay Service
- 811 - One call notification system / Dig Safe
- 911 - Emergency Services

\* All codes may not be available in your area. For more information, email: [FCC\\_info@fcc.gov](mailto:FCC_info@fcc.gov) or call: 1.888.225.5322.

## LONG DISTANCE COMPANY

If you are unsure which long distance company currently serves your line, dial the following numbers from your telephone. No charge applies. To identify your regional carrier 700.4141. To identify your out of region carrier 1.700.555.4141.

## Area Code Map & Time Zones

Revised: 01/26/26

### When To Use Area Codes:

You may be required to dial the area code when dialing within the same area code.

### Check For Different Time Zones:

When placing long distance calls to other area codes, look on the map above to see if the place you are calling is in a different time zone. It may help to plan your call.

### If You Cannot Find An Area Code:

For a location not shown on the area code map, refer to the next page or dial "0" for a Telephone Operator (additional charges may apply).

- 868 TOBAGO
- 868 TRINIDAD
- 869 NEVIS
- 869 ST. KITTS
- 876 JAMAICA
- 809 BEQUIA, CARIBBEAN, MUSTIQUE, PALM ISLAND, ST. VINCENT, UNION ISLAND
- 441 BERMUDA
- 564 MONTSERRAT
- 758 ST. LUCIA
- 264 ANGUILLA
- 787 DOMINICA
- 809/228/49 VIRGIN ISLANDS
- 340 VIRGIN ISLANDS
- 345 CAYMAN ISLANDS
- 787/783 PUERTO RICO

# International Calling Codes

**International Calls are handled by the long distance company you have selected.**

## HOW TO MAKE AN INTERNATIONAL CALL

Direct-Dialed Calls: Dial **011** + Country Code + City Code + Telephone Number

Operator-Assisted Calls: Dial **01** + Country Code + City Code + Telephone Number

**The operator will come on the line after the call is dialed.**

If your long distance company does not handle international calls:

Dial The code of the long distance company that handles such calls + **011** + Country Code + City Code + Telephone Number

# Special Assistance Program

---

## LIFELINE PROGRAM

Consolidated Communications offers a Lifeline Program for eligible low income residential subscribers at their primary residence. The Lifeline Program is a government benefit program.

Eligible subscribers can apply a monthly federal Lifeline Program discount to a voice service OR a qualifying Internet service. If applicable, there is a Federal Tribal Lifeline Program which provides additional discounts on local voice service OR a qualifying Internet service. In some states, an additional monthly voice discount is also available.

To qualify for Lifeline Program support, residential customers must receive benefits from qualified assistance programs. Alternatively, customers with household income meeting specific Federal Poverty Guidelines may also qualify for Lifeline Program support. Eligible subscribers who apply the Federal Lifeline Program discount to their voice service may also qualify for free toll blocking to help control long distance usage.

Only one Lifeline Program discount is available per household on either a wireless or wireline qualifying service. Under the Lifeline Program, a household is defined as any individual or group of individuals who live together at the same address and share income and expenses. The Lifeline Program benefit is non-transferable. Consumers who willfully make false statements in order to obtain the discount can be punished by fine or imprisonment or can be barred from the Lifeline Program.

For more information on the Federal Lifeline Program, please visit the Universal Service Administrative Co. website at [www.lifelinesupport.org](http://www.lifelinesupport.org) or call 800.234.9473. You may also call Consolidated Communications at 1.844.YOUR.CCI (1.844.968.7224).

# Notices

## Important Privacy Notice – PLEASE READ CAREFULLY

Federal law allows you, the consumer, to choose how we at Consolidated Communications use your Customer Proprietary Network Information (CPNI). CPNI is data that is not publicly available, including the types of services you subscribe to, the number of telephone lines you have, how much you use your services, and calling and billing records. This federal law is designed to protect your privacy rights, while allowing Consolidated Communications to meet your future telecommunications needs. We at Consolidated Communications value our customers. Meeting your communications requirements, while protecting your privacy, is our main concern. Indeed, federal law requires us to protect the confidentiality of your CPNI. In order to meet the future needs of our customers, we may share CPNI information with our other Consolidated companies, including our long distance, Internet or other communications affiliate companies. We will disclose your CPNI records to these companies only for the specific intent of analyzing and/or providing products or services. This allows us greater ability to tailor the services we provide to you. If you do not want us to share your CPNI records with our other Consolidated companies, contact us by calling this toll free number: 1.877.524.8293 and let us know of your decision by leaving us a message. This method is available to you 24 hours a day, 7 days a week. This restriction of the use of your CPNI records will remain valid until you contact us at the above number to give us permission to disclose your CPNI. You may contact us to change your decision about the disclosure of your CPNI at any time. If you previously restricted the use of your CPNI records and want to keep that restriction, no action is needed. If you have not previously restricted the use of your CPNI records we will assume that we have your permission to disclose your CPNI within Consolidated's affiliated communications companies. If you ask us not to disclose your CPNI to our other companies, we will be hampered in our ability to offer you products and services, such as cost-saving bundled services, that are tailored to your needs.

You can review our entire CPNI/Privacy Policy on our website at [consolidated.com/policies](http://consolidated.com/policies).

We thank you for your time and attention to this important matter.

## BEFORE ANY DIGGING – DIAL 811

### Location of Buried Facilities for Diggers and Excavators

It is the policy of Consolidated Communications to locate their buried facilities within their respective areas they serve without charge to anyone planning to do digging or excavating in the area.

When digging, if no request for location is made to the Company having buried facilities in the area, and the facilities are damaged or made inoperative, the person or firm doing the digging or excavating will be responsible for the entire cost of the damage incurred.

Per State law a request for location of the buried facilities must be made by the individual(s) or firm doing the digging at least 72 hours in advance of the actual digging.

When a request has been made for the location of buried facilities in accordance with the above, the damage occurred shall be the responsibility of the company having failed to locate its buried facilities.

All charges for relocating or rearranging buried facilities located on rights-of-way will be borne by the individual, firm or company requiring the change.

**If you dig call Pennsylvania One Call System first! It's the law.**

**Please dial 811 or 1-800-242-1776**

**Visit their website at: [www.paonecall.org](http://www.paonecall.org)**

# National/State Do Not Call Registry

## NATIONAL DO NOT CALL REGISTRY

### Good news for our customers!

To address consumer concerns about unwelcome telemarketing calls, the Federal Communications Commission (FCC) and Federal Trade Commission (FTC) have established a national Do Not Call Registry. The registry applies to all telemarketers (with the exception of certain nonprofit and political organizations) and covers both interstate and intrastate telemarketing calls. Commercial telemarketers are not allowed to call you if your number is listed on the registry.

There is not cost to register your phone number, and it will remain on the national Do Not Call Registry permanently. You may remove your name from the list at any time. The Do Not Call Registry will not prevent all unwanted calls. It does not cover:

- Calls from organizations with which you have established a business relationship.

- Calls for which you have given prior written consent.
- Calls that are not commercial and do not include unsolicited advertisements, such as political announcements and research surveys.
- Calls by or on behalf of tax exempt organizations, such as charities.

Consumers may register their residential telephone number, including wireless numbers, on the national Do Not Call Registry at no cost by telephone or on the internet. Inclusion of your telephone number on the national Do Not Call Registry will be effective 31 days following your registration.

**On the internet: [www.donotcall.gov](http://www.donotcall.gov)**

**Call toll-free: 1.888.382.1222**

**For TTY, call 1.866.290.4236**

***You must call from the phone number you wish to register.***

## STATE DO NOT CALL REGISTRY

### What is the Pennsylvania Do Not Call list?

Pennsylvania's Do Not Call list is a list of citizens who do not want to receive telemarketing calls in their homes or on their wireless phones. Pennsylvania residents can avoid telemarketing calls by registering their name, address and telephone numbers on the Do Not Call list. Telemarketers are prohibited from placing sales calls to any phone numbers on this list.

There are several ways to add your name and number to the Do Not Call list:

- Complete the online registration form at <https://www.attorneygeneral.gov/submit-a-complaint/not-call-verification/>
- Call the toll-free hotline at 1.888.777.3406.
- Mail your name, complete mailing address, telephone number and signature to:

Office of Attorney General  
Bureau of Consumer Protection  
Do Not Call List  
Strawberry Square, 15th Floor  
Harrisburg, PA 17120

### Do I need to re-register?

All consumers that have previously registered their phone number on the PA Do Not Call list are listed permanently and are not required to re-register.

### How much does it cost?

Registration is free.

### When will my number be placed on the Do Not Call list, and how long will it take for telemarketers to stop calling me?

Pennsylvania's Do Not Call list is updated four times a year. Telemarketers purchase the Do Not Call list quarterly and have 30 days to remove names and numbers on the list from their own calling lists. Remember that if you miss the quarterly registration deadline, it will take up to 120 days for your number to appear on the list.

### Does the Do Not Call list stop all telemarketing calls?

The Do Not Call list should stop MOST telemarketing calls, but there are some exceptions for:

- Calls that you requested.
- Calls made by businesses to existing customers or to consumers who have done business with the company in the past 12 months - for example, calls from banks with whom you have accounts or calls from your credit card company.
- Debt collections calls.
- Calls from tax-exempt charitable or fraternal organizations.
- Calls from veterans' organizations.
- Calls made on behalf of political groups or candidates.

### What should I do if I am on the Do Not Call list and I receive an unsolicited call from a telemarketer?

You should file a complaint with the Bureau of Consumer Protection. For assistance, call 1.800.441.2555 or visit <https://www.attorneygeneral.gov/submit-a-complaint/>

# About Your Phone Bill

---

## **PAYING YOUR BILL**

There are several options available to customers to pay their Consolidated Communications telephone bill.

### **BY MAIL**

If you choose to receive your monthly invoice through the US Mail, a return envelope is provided. Please allow 5 business days for your payment to reach us. CUSTOMER GUIDE

# About Your Phone Bill

## IF YOU CAN'T PAY YOUR BILL ON TIME

When you regularly pay your phone bill by the due date printed on the bill, you maintain good credit with us. Good credit entitles you to establish new service or add extra service without paying a deposit.

If you cannot pay your bill on time, call your Consolidated Communications Customer Service Representative and explain why. We may be able to help you. Otherwise, your phone service may be disconnected. To get service reconnected, you may have to pay all charges billed for service and an additional payment or security deposit for reconnecting your service. You are only charged for the first time you have service restored during a calendar year.

Help us provide you with continuous service by paying on time or tell us why you can't.

## CUSTOMER CREDIT NOTIFICATION

The law obligates all telecommunication carriers to provide installation and repair in a timely manner. Credits or other remedies may be available for delays in repair, installation or missed appointments.

These requirements include:

- Installing basic local exchange service within 5 business days after receipt of a complete order from a customer. If a customer requests an installation date that is beyond 5 business days, service must be installed by the customer requested date.
- Restoring basic local exchange service within 24 hours of receiving proper notice that a customer's telephone service is out of service.
- Keeping all repair and installation appointments for basic local exchange service when the company informs the customer that a premises visit requires the customer to be present for the appointment, unless the telephone company provides 24 hours notice of its inability to keep the appointment.

If a delay in repair, installation or missed appointment occurs, credits will be automatically calculated and applied to the next month's bill. Credits are identified on bill as "Service Quality Credit" or "S.Q. Credit". Credits are subject to certain limitations and exclusions.

Customers may not be entitled to a credit when:

- An emergency situation arises
- A customer's willful or negligent act prevents the company from providing service
- A customer's inside wiring or telephone equipment malfunctions
- The customer misses an appointment or requests a later appointment
- The company is unable to gain access to the customer's premises due to the customer missing an appointment

- A customer violates one or more Commission rules and is refused service by the carrier
- The company is lacking facilities at the service location

## CREDIT CALCULATIONS

In the event an automatic credit is required for out-of-service repairs, the credit calculation is based on:

<b>Basic Service Repair</b>	<b>Credit (taxes not included)</b>
24-48 Hours	\$5.00 credit
48-72 Hours	33% of one month's recurring charges
72-96 Hours	67% of one month's recurring charges
96-120 Hours	100% of one month's recurring charges
Over 120 Hours	alternative telephone service or \$20 per day (at the customer's option)

For installation, the calculation of the automatic credit is based on:

<b>Basic Service Installation (taxes not included)</b>	<b>Credit Amount</b>
After 5 business days but less than 10 business days**	50% installations charges
More than 10 business days	100% installation charges
	alternative telephone service \$20 per day (at the customer's option)

\*\* The different scenarios are applicable in the calculation of the credit. Installation credits vary for LinkUp customers.

If the local exchange telephone company misses an appointment without providing 24-hour notice to the customer an automatic credit of \$50 will be issued.

If you have any questions about these service quality requirements, please call us at 1.844.968.7224.

# Your Rights As A Customer

## INTRODUCTION

As a telephone company customer, you have many important rights and responsibilities. They make sure you and the telephone company deal fairly with each other. Your local telephone company has the responsibility to honor your rights. This information is based on the regulations of the Pennsylvania Public Utility Commission. If you have questions or cannot understand any of the information presented here, call the company or the Bureau of Consumer Services at the Public Utility Commission (1.800.782.1110) for help.

## APPLYING FOR SERVICE

When you apply for residential telephone service, you have a right to the following:

- a full explanation of the company's credit and deposit rules
- a full explanation of all available services and equipment options and their prices beginning with the lowest priced service available.

The company will send you a written price list if you ask.

## SERVICE CLASSIFICATION

Business rates are applicable in connection with service furnished at a business location or any other place where the service is used primarily or dominantly for business, professional or institutional purposes.

Residential rates apply in private residences where the service is used primarily or dominantly for social or domestic purposes and the telephone is not advertised (newspapers, business cards, yellow pages, etc.) for business purposes.

## DEPOSIT RULES

You may be required to pay a security deposit. The decision to charge you a deposit must be based only on your credit history. The company may not require a deposit on the basis of where you live, your race, religion, gender, age if over 18, ethnic background, or marital status.

## NEW CUSTOMERS

The telephone company will provide residential telephone service without requiring a deposit if you meet one of the following:

- You have a good payment history with a local exchange carrier (local telephone company). Or, you have a good payment history with another utility. (You must give the company permission to check your payment history with other utilities).
- You own property, have entered into an agreement to purchase real estate in the areas served by the company, or have at least a one-year lease at a property serviced by the company. However, you cannot have a poor payment history as a

telephone customer within the past two years.

- You can provide information and proof that you are a good credit risk by providing credit cards and/or employment history. You cannot be considered a poor credit risk simply because you have never had credit.

If a credit investigation is expected to take longer than three business days, the company must provide service at least until it completes its investigation. If you have to pay a deposit, the company must tell you the reason in writing.

Before providing service the company may require that you pay or make a payment agreement to pay any outstanding residential telephone bills you owe if from within the last four years. You may not be held responsible for another person's bills unless a court or the PUC decides you are responsible.

## EXISTING CUSTOMERS

The company may require a security deposit if you:

- Pay two telephone bills in a row late or you pay more than two bills late within a year. Before requiring a deposit, the company must send you a notice that you might have to pay a deposit if you continue to pay your bills late.
- Have service suspended or terminated for nonpayment and want to have your service restored.

## BRILLE DIRECTORIES

The National Braille Press has developed an area code directory and a consumer resource guide in Braille. The books can be ordered by calling 1.617.266.6160, or by writing to the National Braille Press, Inc., 88 St. Stephen Street, Boston, MA 02115.

## CONSUMER INFORMATION

Although the phone is a wonderful communications tool, sometimes it can be abused. We think it's important for all our customers to be aware of their rights and responsibilities under the law.

## FRAUDULENT CALLS

It's illegal for another person to charge long distance calls to your number or your calling card without your permission. At Consolidated Communications, we take this very seriously. A Consolidated Communications fraud control team continually identifies, evaluates and implements fraud prevention measures to protect you. It is against state laws to defraud or attempt to defraud the phone company of its lawful charges. If convicted, violators are subject to imprisonment and/or a fine. Consolidated Communications is committed to preventing telecommunications fraud before it happens.

# Your Rights As A Customer

## HOW YOU CAN PREVENT PHONE FRAUD!

Don't look now, but telephone fraud could be happening right behind your back! Telephone fraud is a subtle, but fast-paced crime that rings up billions in fraudulent phone charges and victimizes millions of people each year.

- **Make sure no one sees you key-in your calling card number or overhears you stating it to an operator.** Block the view of the keypad and speak directly into the phone. When possible, use a phone that reads the calling card automatically.
- **Never use your calling card as an identification card.** Use your drivers' license or some other form of ID when dealing with merchants, telemarketers and other "salespeople."
- **Report a lost or stolen card IMMEDIATELY.** The moment you suspect your calling card has been lost, stolen or otherwise compromised, report it immediately to your card provider.
- **Memorize your calling card and PIN number.** Select or change your Personal Identification Number (PIN) to an easily remembered number. Request that your PIN number not be printed on your calling card.
- **Beware of individuals who call requesting calling card verification.** Telephone companies will NEVER call you to ask for your calling card number. Only when you make a call through an operator should you give out your calling card number.

Should your Consolidated Communications Calling Card be lost or stolen or if you've been a victim of telephone fraud, immediately contact the Fraud Center at 1.800.224.9126.

## HOW TO PREVENT PHONE FRAUD WHEN AT HOME...

- Never accept third-party or collect calls that are suspicious or from someone you do not know. When you accept, you have agreed to pay for the charges.
- Telephone companies or law enforcement officials will never ask customers to accept collect or third-party charges as part of an investigation. The only time a telephone company representative will request specific billing information is if you make a call through an operator.
- Restrict third-number or collect calls from being made to your home. Consolidated Communications offers this service at no charge to the consumer, thus preventing fraudulent calls from being billed to your line.
- If you do not make international calls or calls to the 809 area code, ask if a block is available for your exchange.

## HOW TO PREVENT PHONE FRAUD IN YOUR CAR...

- Remove the handset and antenna from the car when it's not in use. This will help avoid the unwanted attention of criminals.
- Protect your Electronic Serial Number. Never give your ESN number to anyone. And don't put your subscriber agreement in an unsafe place, such as the glove compartment.
- Never let anyone else use your phone unless you are present. If someone wants to use your phone, offer to dial the number for them. Fraud criminals can easily access the codes stored in your phone.
- Have service performed only at reputable locations. If you need service, take your phone only to an authorized distributor of your cellular service.
- If your phone is stolen, call your local police and cellular carrier immediately. The sooner you do, the less likely your phone will be used fraudulently.

## INTERNET USAGE

The Internet is one of the newest targets for fraudsters. Due to the rapid growth in this industry, increased consumer awareness is critical. If you are an internet user, help protect yourself by following these tips:

- Use extreme caution when giving out financial or personal information such as credit card numbers, bank accounts and social security numbers – make sure the site is secure.
- Conduct business with companies you know and trust.
- Look carefully at information about products or services being offered. Ask for more information if needed. Always read the fine print.
- Check out the company's reputation. The Better Business Bureau is one agency that can help you.
- Use caution when downloading programs or services. This is a potential avenue for viruses.
- Ensure a local access number to avoid toll charges.

## IDENTITY THEFT

What is Identity Theft and how does it occur? Identity thieves steal personal information with the intent to commit an unlawful act. Identity theft often occurs without the victim being aware of the illegal activity until they review a credit report and find errors, makes a major purchase such as a car or is contacted by a collections agency for payment of debts for which the victim has no knowledge.

Thieves may go through trash looking for personal data such as pre-approved credit card applications, old bank statements or other personal data. Therefore, it is a good idea to shred any documents containing personal information before they are discarded. If your mail is delivered to a place where others have access to it, thieves may intercept it. Because identity theft commonly includes misuse of a social security number

# Your Rights As A Customer

## IDENTITY THEFT (Cont'd)

(SSN), it is a good idea to ask that an alternative source of identification be used when your SSN is requested.

**Put simply, it is important to be careful when you share any kind of personal information on the phone, in person, on paper or over the Internet.**

If you become a victim of Identity Theft, contact the Federal Trade Commission at 1.877.ID.THEFT (1.877.438.4338) to place a nationwide alert on all of your accounts. Next, notify the financial institutions where your accounts may have been tampered with. Closing of these accounts may be required. Place a watch on all checks coming through your account to ensure only checks you wrote are paid. Change your ATM card and PIN number. You may want to contact Telecheck, a nationwide company capable of sending an alert to all merchants not to accept any checks from your account until the fraud case is resolved. In addition, contact all of your credit card companies.

**Follow up all of your phone calls with a letter.** The letter should clearly identify any items in your statement(s) that you dispute. Explain in detail why the information is disputed and request deletion or correction. Enclose a copy of the police report you filed as well.

## PREVENTION TIPS

To review, it is always advisable to limit the amount of personally identifying information you reveal to anyone. Pay attention to your billing cycles and follow up with creditors if your bills do not arrive on time. Guard your mail. Deposit all outgoing mail at the post office or a collection box. Shred all credit card applications and other documents containing personal information. If possible, place passwords on all of your financial accounts. Do not share these passwords with anyone. Do not carry your social security card in your purse or wallet or place your SSN on your checks. Check your credit report annually with each of the major credit bureaus to ensure your report is accurate. Report all lost or stolen bankcards and credit cards immediately to your financial institutions. Carry only the cards and identification you need.

## CALLER ID BLOCK

As a Consolidated Communications customer, you can determine on a call-by-call basis, whether or not someone with Caller ID sees your number or name. If you do not want your number delivered, simply dial \*67 (or dial 1167 from a rotary phone) before dialing the number. Once you hang up, your number will again be delivered to those with Caller ID service until you dial \*67 again before a specific number.

Caller ID Block is automatically provided free of charge to Consolidated Communications customers where Caller ID services are available. Note - It is possible

that when you call 800, 833, 844, 855, 866, 877 or 888 numbers, that your number will still be displayed. When dialing 9-1-1, emergency calls, your number will ALWAYS be displayed. See Page 23

## RECORDING PHONE CONVERSATIONS

It's against both federal and state regulations to record a phone conversation without the other person's knowledge. Recording of two-way conversations must feature a warning "beep" tone at 15-second intervals. If you hear this tone and don't want a record of what you're saying, ask the person you've been talking with to disconnect the recording machine. If you wish to record a conversation, your recording equipment must have a "beep" tone and meet registration requirements of the FCC. Use of a recorder without the "beep" tones is permitted in the case of emergency by fire, police and other emergency service agencies.

## VANDALIZED PHONE

Don't use a coin telephone that has been vandalized. The handset could have exposed wires that could cause an electrical shock. If possible, contact telephone repair service to report the damaged instrument.

## PHONE RECEIVER OFF THE HOOK

At times, you may not wish to receive incoming calls. Please don't leave the receiver off the hook, because this unnecessarily congests the switching equipment. In some cases, we may have to disconnect your line to avoid overloading the equipment. When this happens, your phone will not work until it is reconnected in our switching office. If your phone is equipped with a jack, simply unplug it instead.

## SUSPENSION NOTICE

If the company is going to suspend your service, it will mail a written suspension notice to you at least 7 days before the date your service is to be suspended. The notice will tell you the reason for the proposed suspension and the date service will be suspended. It will tell you what action you can take to avoid suspension. The notice will break down the total amount you owe into local service and other services. The charges for each type of service will be treated separately so you will know what amount must be paid to keep each service. The company is not required to give you written notice if you do not keep a PUC payment agreement set up to avoid suspension. In this case, the company must try to contact you personally at least 24 hours before suspending your service.

# Your Rights As A Customer

## MEDICAL EMERGENCY PROCEDURE

If there is a medical emergency in your household which will be affected by the suspension of telephone service, the suspension may be postponed. A physician must tell the company how suspension of service will worsen the serious medical condition. The suspension will be postponed for a maximum of 30 days. (Postponement may be renewed for 30 days if necessary). If the suspension is postponed, you must still pay your bill on time for all services provided after the postponement date and limit your toll calls to \$25.00.

If you need more information, call the company's business office. **REMEMBER-** To avoid having telephone service suspended, contact the company before the suspension date with any billing dispute or payment problem.

## DAYS THAT SUSPENSIONS ARE NOT ALLOWED

The telephone company may not suspend service:

- On a Saturday or Sunday.
- On a bank holiday.
- On a holiday observed by the company (any day when the business office of the company is closed).

## GETTING SERVICE BACK ON

The company will restore suspended telephone service if:

- You pay the overdue bill and the reconnection fee in full; or
- You pay the amount that is due according to a payment agreement and the reconnection fee; or
- You make a payment agreement with the company to spread out the payments of the outstanding charges and the reconnection fee; or
- You stop the unauthorized practice for which service was suspended plus make full payment of the reconnection fee; or
- You pay the amount that you owe for basic (local) service. The company will restore your local service but your toll and nonbasic services will remain suspended until you pay the amount that is due for those services.

After you have done one of the preceding, the company will restore your service by the end of the first full working day. If the service is suspended, you will have to pay a reconnection fee. You may pay the reconnection fee as part of a payment agreement.

The company may also require that you pay a security deposit. You may make payment to have service restored at an authorized payment agency. After you make the payment, you must call the company so your service can be restored.

## THIRD PARTY NOTIFICATION

The Third Party Notification Program protects individuals who may be away from home for long periods of time or those who may not understand the company's billing and payment practices. This program allows you to choose a person who is willing to receive a notice if your service is subject to suspension or termination. Please remember, however, that this person does not have the responsibility of paying your telephone bills.

## TERMINATION OF SERVICE

After telephone service is suspended, the company's next step is to mail you a termination notice. The termination notice will give you ten days before your service will be terminated. The notice will inform you what you can do to restore your service. You should contact the company as soon as you receive this notice.

**REMEMBER-**Suspension of service is a temporary interruption of your service. Termination is a more permanent end or cessation of telephone service. If your service is terminated, you must reapply for service as if you were a new applicant. It is important to know the difference because the cost of having service restored after "termination" is higher than the cost of restoring after "suspension".

## CONTACTING THE COMPANY WITH A DISPUTE

You have the right to question or dispute any telephone problem you may have. You should file a dispute before your service is suspended or terminated.

Once you register a dispute, the company must do all of the following:

- Investigate your dispute thoroughly.
- Stop suspension or termination of service because you haven't paid the disputed amounts.
- Give you information to help you make an informed judgment about your account.
- Within thirty days give you a report of the investigation including the company's final position on the matter. You have the right to ask for the report in writing.
- Inform you of your right to contact the Pennsylvania Public Utility Commission (PUC). While your dispute is pending, you must pay all charges on your bill that you do not dispute.

# Your Rights As A Customer

## VACATION RATE ARRANGEMENTS

If you are going to be away from home for several months or more, call your Service Representative to have your phone service put on Vacation Rate Service (temporarily disconnected). There is a charge to have your phone reconnected when you return. Call your Service Representative at least 5 business days before you want the service to be reconnected.

## PAYING THE SECURITY DEPOSIT

### EXISTING CUSTOMERS

Your deposit cannot be more than your average two month bill during the past 12 month including toll charges. You must pay the deposit within 20 days after the company requests it.

### APPLICANTS

For new customers, the amount of the deposit cannot be greater than an average two month bill for other customers in your exchange. You will have to pay half the deposit before you get the service and the balance within 30 days.

### THIRD PARTY GUARANTEE

Instead of paying a deposit, another local telephone customer who has met or can meet the credit standards may provide a written guarantee to cover payment equal to the deposit required. The individual providing the guarantee becomes responsible for payment of the deposit if you don't pay your bills or leave an unpaid final bill. This person's responsibility ends when you establish satisfactory credit.

### DEPOSIT REFUND

Your deposit plus interest will be returned to you when you have established credit. You may choose to have your deposit applied to your account or you may choose to receive a refund. Credit will be considered established when you have paid bills:

- for 12 months in a row without having service suspended or terminated; and
- without having paid bills after the due date on more than two occasions; and
- your bill is not presently overdue

If your service is terminated or permanently disconnected, your deposit and interest will be applied to any amount you owe and the rest will be returned to you.

## PARTIAL PAYMENTS

If you pay only a part of your bill, the amount you pay may be applied to the past due sections in the order listed below before being applied to the current bill.

1. Local Service
2. Other Services

You may want to have the company apply your payment differently if you think your service might be

suspended against your will. By doing this, you can protect your ability to make local calls. If you wish to apply your payment differently than listed above, you must let the company know in writing or by working out a payment agreement with the company.

## BILLING ERRORS

If you think there is an error on your bill call the business office. This number is listed on your telephone bill. There is no charge for calls to the business office.

## INTERRUPTION OF SERVICE TEMPORARY INTERRUPTIONS

When the telephone company knows in advance that they will need to interrupt service to make repairs or for safety reasons, the company must try to notify customers of the reason for the interruption and how long they expect it to last.

## REFUNDS FOR SERVICE INTERRUPTIONS

If telephone service is interrupted without notice, you should contact the company about the service problem. If service remains off for a period of at least 24 hours after you have notified the company, you may have a right to a refund.

## IF YOU MOVE

If you want to discontinue your service, call or write the business office at least five (5) business days before the date you want the service disconnected. This will prevent the company from billing you for service that you do not want.

## SUSPENSION OF SERVICE

The company may suspend your telephone service for any of the following reasons:

- You do not pay your bill. If you dispute part of your bill, you must notify the company. The company may not suspend your service if you do not pay the part that you dispute.
- You do not pay a security deposit, provide a third-party guarantee, or give the company information to establish your credit.
- You don't allow the company access for maintenance or repair of company equipment.
- You use your telephone service to interfere with or harm other customers' service.
- You do not pay according to a payment agreement.
- You give false or misleading information to get service.
- You use your telephone to threaten the safety of any person or the ability of the company to deliver telephone service.
- You still owe the company for service furnished in your name within the past 4 years.

# Your Rights As A Customer

## SUSPENSION OF SERVICE (Cont'd)

The telephone company may not suspend basic (local) telephone service because you fail to pay charges for non-basic service. Also, the company may not suspend basic (local) service because you fail to pay charges for interexchange (toll) service, unless the company is technically not able to suspend one without also suspending the other.

If you are threatened with suspension of your telephone service, you may protect your basic service by paying the amount you owe for that service. The company may suspend your toll and nonbasic service but you will still be able to make local calls.

## CONTACTING THE PUC

### Filing an Informal Complaint

If you are not satisfied with the company's answer to your problem, you have the right to file an informal complaint with the Public Utility Commission. In order to protect your rights, you should call or write the PUC within ten days of the date the company mailed its report to you.

The Bureau will need the following information:

- Your name, address and telephone number.
- The name of your telephone company.
- A description of the problem.
- What action the company took.
- What you want done.

The Bureau of Consumer Services will conduct its own investigation of your complaint and will get back to you with the results. The Bureau of Consumer Services can be reached at the telephone number or address below: 1.800.692.7380 (Toll Free)

PA Public Utility Commission

Bureau of Consumer Services

400 North Street, Keystone Building

Harrisburg, PA 17120

<https://www.puc.pa.gov/complaints/informal-complaints/>

## FILING A FORMAL COMPLAINT

If you disagree with the Bureau of Consumer Services' decision, you have the right to appeal that decision. Again, to safeguard your rights, you must tell the PUC in writing that you want to appeal. You must notify the PUC within 10 days from the date of the decision. Filing a formal complaint gives you the right to a hearing with a PUC judge.

## DEFINITIONS

**Applicant-** Any person who applies for residential service. This does not include someone who requests a transfer of service within the local company's service area.

**Billing Period-** A period of not less than 26 days and not more than 35 days.

**Delinquent Account-** Charges for telephone service which have not been paid in full by the due date stated on the bill or by another agreed upon date.

**Discontinuation of Service-** The temporary or permanent ending of service at the request of the customer.

**Dispute-** A disagreement between an applicant, a customer or someone representing a customer and the company. The disagreement may be over areas such as credit, deposits, billing errors, etc.

**Interexchange Carrier-** Any public utility which provides long distance service, but does not provide local telephone service.

**Interexchange Service-** The transmission of messages or communication by telephone between points outside a local calling area.

**Local Exchange Carrier-** Any public utility which provides local service, but can also provide long distance telephone service.

**Local Exchange Service-** The transmission of messages or communications by telephone between points within a local calling area.

**Non-Basic Service-** Any service or product other than telephone service including the sale or lease of telephone equipment, inside wire maintenance plans, repair services, premises visits for service installation and Custom Calling services.

**Payment Agreement-** A mutually satisfactory agreement between the customer and the local exchange carrier allowing the customer to pay the unpaid balance of an account with one or more payments over a reasonable period.

**Suspension of Service-** Temporary ending of service without the consent of the customer.

**Termination of Service-** Permanent ending of service after a suspension without the consent of the customer.

# Your Rights As A Customer

---

## **CUSTOMER INFORMATION RIGHTS AND RESPONSIBILITIES**

The Federal Communications Commission has ruled that under certain conditions your Billing Name and Address (BNA) can be released to other long distance telephone companies or Alternate Operator Services. These companies may request your BNA so that they can bill you directly for a telephone call you have made over their system.

For example, collect and third number calls or calls made with a Consolidated Communications Calling Card may be carried by a long distance company who is not your presubscribed carrier, or does not have a billing agreement with Consolidated Communications. Your call will go through, but the long distance company may not know how to bill you for the call. These companies may now request this information from the local telephone company in order to bill you.

The FCC's ruling also allows your BNA to be released for the purpose of order entry, customer service, fraud prevention, and identification of customers who have moved from one location to another. The use of your billing information for marketing purposes is strictly prohibited.

If your name and address is not published in our directory, you have to decide whether you want us to release your BNA information. If you want your information released, there is nothing more for you to do. If you do not want us to release your BNA, and you have a non-published telephone number you must contact our Business Office to obtain a form that must be returned to us. This will ensure that we do not release your BNA for any purpose.

If you do not authorize the release of your BNA, according to the FCC regulations, you will not be able to: (1) Bill third number calls to your telephone number, (2) Receive collect calls and (3) Use your Consolidated Communications provided calling card. This is done by special programming in the telephone network. Consolidated Communications holds your customer information in confidence and will only release your BNA for reasons allowed in above numbers 1, 2 & 3 required by the FCC.

# Customer Information

## OTHER CORRESPONDENCE WITH CONSOLIDATED COMMUNICATIONS

Please address correspondence regarding your bill, change of address, or telephone service to:

### Consolidated Communications

PO Box 66523

Saint Louis MO 63166-6523

Be sure to include your name and telephone number, or, account number (located on the top right-hand side of your bill) on any correspondence, or contact us via e-mail at: mycci.net.

## REPAIR

You are responsible for repairs on the telephone equipment you own. Refer to "Testing Your Own Telephone System" and "Repair Visit Charges" information on pages 6 and 7.

## CHARGES TO INSTALL OR CHANGE YOUR SERVICE

Our Service Representative will inform you of the applicable one-time charges when you place your request for service installation or changes; charges over \$30 may be billed in three installments. Telephone installation work is done Monday through Friday from 8 a.m. to 4:30 p.m.

### Initial Service Order

This charge is for processing your order to install telephone service at a new location.

### Subsequent Service Order

This charge is to process your order to make changes to your existing service.

### Access Line Connection

This charge is for providing you with dial tone or some optional services through our Central Office switching equipment.

### Premises Visit

This charge applies when an installer visits your new location to provide dial tone to the protector on the outside of your premises.

### Wiring Visit Charge

This charge applies when an installer visits your location to do inside wiring work that you have requested.

## LABOR AND MATERIAL CHARGES

In addition to the Wiring Visit Charge, a charge applies for every 15 minutes required to complete your work request. This charge applies to Residential and to Business customers. Additional material charges will apply for telephone wiring and jacks, depending on what materials are required.

## SEPARATE BILLS FROM OTHER COMPANIES

Charges billed directly to you by companies other than Consolidated Communications for telephone equipment and/or long distance calls are not part of the services offered by Consolidated Communications. Payments of those bills should be sent to the company rendering the bill, not to Consolidated Communications.

## TAX AND SURCHARGE INFORMATION

### State Tax Adjustment Surcharge (STAS)

A Pennsylvania Surcharge, when authorized by the Pennsylvania Public Utility Commission, applies to most in-state services provided to Residential and Business accounts. This Surcharge is PA State taxable.

### Federal Universal Service Charge

A Federal Universal Service Charge (FUSC) applies to all Residential and Business customers. This charge is prescribed by the Federal Communications Commission and is designed to help keep local telephone service rates affordable for all customers, in all areas of the United States.

### Federal Excise Tax

Federal Excise Tax applies to local telephone and telecommunication services furnished by Consolidated Communications to Residential and Business accounts.

### Pennsylvania State Sales Tax

Pennsylvania Sales Tax applies to certain telephone and telecommunications services used by Residential customers. These services include most long distance calls, non-basic services and equipment sales and rentals. State tax does not apply to basic monthly telephone services for Residential accounts. Pennsylvania Sales Tax applies to most telephone and telecommunications services provided to Business customers, including basic monthly telephone service, non-basic services, long distance calls and equipment sales and rentals.

### Allegheny County Sales and Use Tax

For customers located in Allegheny County. Certain taxes and surcharge rates may also apply to services and equipment furnished by other companies.

**The Tax Rates Shown On This Page Were Applicable When This Directory Was Printed.**

# Customer Information

## TELEPHONE EMPLOYEE IDENTIFICATION

For your safety, Telephone Company employees are required to carry an identification card showing his or her name and a photograph. If you have any doubt whether people are employees of the phone company, please ask to see their card.

## TELEPHONE DIRECTORY

Please take a minute and check this directory to make sure your listing is correct. Although we try to make sure all customers are properly listed, sometimes errors or omissions do happen. If your listing is incorrect, please report it to a Consolidated Communications Customer Service Representative.

As part of your telephone service, you receive a Consolidated Communications Phone Book and a directory listing. Two people with the same last name and phone number may be listed together at no extra charge.

Additional residential listings for family members or those who share a telephone but want separate listings are available for an additional monthly charge.

If you'd prefer not to have your telephone number listed in the Phone Book and not be available through Directory Assistance, or choose to have your number listed with Directory Assistance but not in the Phone Book, there will be an additional monthly charge.

## DIRECTORY ACCURACY

We make every effort to have listings absolutely correct.

It will help us if you will check your own listings and advertising. If incorrect, notify customer service at once, so that we may adjust our records for the next issue and meanwhile protect your service.

Our company and the publishers of this directory are not liable for damages arising from errors or omissions in listings.

The liability in the case of paid listings shall not exceed the charge for such listings during the life of this directory.

CCI has tariff rules approved by the Pennsylvania Public Utility Commission dealing with the limitations of its liability in connection with errors and omissions. If you are aware of an error or problem, please contact CCI at 1.844.968.7224.

## WIRE TAPPING IS ILLEGAL

It is a crime under federal and state laws for any person to wiretap or otherwise intercept a telephone call unless that person has obtained the prior consent of all parties actually participating in the call. Properly authorized law enforcement officers can take part in interceptions without the consent of either party when proceeding under court orders issued following the appropriate federal or state laws. The penalty for illegal wiretapping can be imprisonment and/or a fine.

## PROVIDING YOUR OWN EQUIPMENT

You must supply your own telephone or other terminal equipment and connect it directly to the nationwide telephone network. The equipment must be approved

by the FCC and you are responsible for its proper connection, maintenance and repair. Service calls caused by customer owned equipment will initiate a charge as provided in tariffs filed with the Public Utility Commission.

## OBSCENE OR HARASSING CALLS

It is a crime under both Pennsylvania and federal laws for anyone to make obscene or harassing phone calls. These laws impose penalties of fines or imprisonment or both. If you receive obscene, harassing, or threatening calls, follow these suggestions:

1. **HANG UP** at the first obscene word or if the caller doesn't say anything when you say hello.
2. **GIVE NO INFORMATION** such as your name and address until the caller has been identified.
3. **ADVISE YOUR CHILDREN** to give no information to strangers. If you're not home, they should say "Mother/Father can't come to the phone right now."
4. **IF CALLS PERSIST** call your Business Office or your Police Department.

Call Trace (\*57) is available to most customers. An additional charge will apply to all successfully traced calls.) An "Authorization to Release Information" form must be completed by the customer in whose name the service is billed for any information to be released to the police. At no time will information be released to the telephone customer. See the section entitled Custom Calling Features for more information on Call Trace (page 21).

### TELEPHONE SAFETY

The telephone is one of the safest appliances in your home or office. There are, however, a few situations where a telephone user needs to be cautious.

### USING A PHONE NEAR WATER

The telephone should not be used while you are in a bathtub, shower or pool. Immersion of the telephone or handset in water could cause an electrical shock.

### USING A PHONE DURING ELECTRICAL STORMS

Only make calls of an urgent nature, and keep them brief. Although our telephone systems uses protective measures to limit abnormal electrical surges from entering your home, there is a remote risk of a dangerous electrical shock from lightning when using the telephone during a nearby electrical storm.

### TO REPORT A GAS LEAK

If you think you've found a gas leak, you shouldn't use a phone in the vicinity of the leak until the leak is repaired. The telephone contains electrical contacts that could generate a tiny spark when you lift the handset and dial. While unlikely, it may be possible for this spark to trigger an explosion if the gas concentration is high enough.

### ATTACHMENTS

Attachments connected to Consolidated Communications lines must be in compliance with company tariffs and FCC regulations.

# Customer Information

## ABOUT YOUR PHONE NUMBER

Your telephone number is the property of Consolidated Communications. We may change your number if it becomes necessary in order to provide improved service to the community. If you do business with a telecommunications company that has arranged for Consolidated Communications to do its billing, we are required to share your name, address and telephone number (including nonpublished numbers) with that company. They may use the information only for accounting and billing purposes.

## INITIAL INSTALLATION OF RESIDENTIAL SERVICE

The following information is needed by our Service Representative in order to process your request for installation of residential telephone service:

- Complete address including street, apartment number, city, state, zip code, municipality and county.
- How you would like your listing to appear in the Directory.
- Social Security number(s) of the person(s) to be billed.
- Credit information for the person(s) to be billed including employment and previous telephone number.

## IDENTITY VERIFICATION

When calling our office, please be prepared to provide account number, pin number, or password. We continually strive to be certain we are speaking to the account-owner or the designated representative before we accept service or billing change requests or release any information on the account.

## SERVICES AT ADDITIONAL MONTHLY CHARGE(S)

Optional services such as Custom Calling Features (see information beginning on page 19) are available to customers for an additional monthly charge. One-time charges may apply to initiate these services.

### Private Service / Non-Published

This service means your telephone number is not listed in the directory and is not available through Directory Assistance.

### Semi-Private Service / Non-Listed

This service means your telephone number is not published in the directory, but is available through Directory Assistance.

### Additional Listing

This service is available for two or more people who share a phone number and who would like each name in the directory.

### Distinctive Ring

Distinctive Ring Service is available to distinguish who is receiving a call when the telephone rings. For a monthly charge, you may have as many as four distinctive telephone rings, for four different telephone numbers, all of which are connected to one telephone line. Individual names and phone numbers may be listed in the telephone directory, or may remain unlisted at the customer's request.

## REMOVAL OF THE TELEPHONE SERVICE

An order should be placed at least five (5) business days prior to the date service is to be removed so the customer is not billed for service after moving. There is no charge to remove service. A forwarding address will be needed for mailing of the final bill. Contact our Business Office if you need additional information about having a referral message on your old number.

## TOUCH TONE SERVICE

Touch-tone service is provided on all lines.

## RATES, TERMS AND CONDITIONS

Tariffs, rate schedules, and other terms and conditions related to Consolidated Communications' services can be found at [www.consolidated.com/regulatory](http://www.consolidated.com/regulatory) and are available for your reference.

You may have previously received a Service Agreement by mail, a copy of this agreement may also be found at [www.consolidated.com/regulatory](http://www.consolidated.com/regulatory) and are available for your reference.

# Customer Information

## AUDIOTEX SERVICE 976, 900 & 556

Audiotex Service is a service under which Independent Sponsors not affiliated with Consolidated Communications provide prerecorded or live programs. The Independent Sponsor has control over and responsibility for the content of the recording or live program, as well as the price. Consolidated Communications assumes no liability for the quality of or defects in the content of the program.

**976** Service offers recorded programs such as sports, lottery information, etc.

**900\*** Information Delivery Services are provided by various interexchange carriers and allow a caller to receive a live or recorded message from an information provider.

Telephone customers within the 724 and 878 area codes may block dialing to 976 and 900 numbers. Call your Service Representative if you wish to arrange for this blocking.

**556** Service provides live programs such as GAB or talk lines, as well as live and recorded programs of an adult nature.

Calls to the 556 exchange are automatically blocked. If you want to be able to access 556 numbers, a signed authorization form is necessary. You may call the Business Office to obtain the authorization form. There is no charge to arrange for access to 556 numbers. Third party billed calls and collect calls will not be permitted to this service.

## 900 pay-per call

Consolidated Communications bills you for these services on your telephone bill. The rights and obligations of you, Consolidated Communications, and the long distance companies that Consolidated Communications bills for are provided under the federal Telephone Disclosure and Dispute Resolution Act.

You must follow this procedure to tell us of a billing error. These are the steps we must take in response to your notice:

You may provide notice of a billing error to us by telephone or in writing. If you write, you should:

1. give us your name or the customer's name and telephone number to which the charge was billed;
  2. tell us the date and amount of the error and the type of error you believe occurred; and
  3. tell us why you believe it was an error.
- A customer who verbally tells us of a billing error, has given sufficient notice to start a billing review.

You have the right to withhold payment of any disputed amount until we complete our billing review. We will stop any action to collect the disputed amount until we complete the review.

If it is determined that no billing error has occurred, you rights and obligations are as follows:

We will provide you with an explanation stating the reasons we determined there was no error. If there was an error, a partial error or an error different from what you reported, we will adjust your account. If you request, we will provide an explanation in writing and copies of any documents showing your indebtedness.

Consolidated Communications will take this action within two billing cycles (two months) after we receive your notice.

Consolidated Communications will tell you when your payment is due for that part of the disputed amount found not to be in error. You must make payment by the due date of the bill or as otherwise provided. You will always have at least ten (10) days after we notify you before payment is due.

Consolidated Communications will not charge you for a billing review.

If you do not pay the disputed amount after we complete the billing review, Consolidated Communications or the 900 service provider may try to collect any charges not billed in error.

If Consolidated Communications fails to follow federal billing and collection procedures, we must forfeit any disputed amount, up to \$50 per transaction.

Once we have followed the above referenced Federal Trade Commission rules about your claim, Consolidated Communications has no further responsibility under those rules if you continue to make the same claim.

**\*Note: Consolidated Communications cannot block access to 900 directory assistance calls  
DISCLOSURE UNDER FEDERAL COMMUNICATIONS COMMISSION RULE 64.1509(b)**

Your basic residential and long distance telephone service cannot be shut off if you do not pay:

1. charges for interstate pay-per-call service,
2. charges for interstate information service provided according to a presubscription or comparable arrangement.
3. charges you have disputed for interstate tariffed collect information services. You can get blocking at no charge within 60 days after we install your new telephone service. Other requests for blocking and requests for unblocking will be subject to a one time fee. Our tariffs include the terms and conditions that apply.

You may not be billed for pay-per-call services not offered in compliance with the Telephone Disclosure and Dispute Resolution Act.

Your access to 900 services may be shut off for failure to pay legitimate pay-per-call charges.

# Customer Information

## DIRECTORY ASSISTANCE

Directory Assistance Dialing Procedures-You only need to know the city, state, and the name of the listing you're looking for.

FOR:	DIAL:
Numbers inside 412/724/878 area codes	411
Numbers outside 412/724/878 area codes	411
Directory assistance on all toll-free 800/822/833/844/855/866/877/888 numbers:	Toll-Free Number Information-1.800.555.1212

### CHARGES FOR LOCAL AND NATIONAL DIRECTORY ASSISTANCE CALLS:

- All Calls to Directory Assistance are counted whether or not the number(s) are available.
- Residential Customers can call local Directory Assistance two times each month per line at no charge. Subscription to Consolidated Communications as your regional (IntraLATA) toll carrier is required.
- There is a charge\* for all Directory Assistance calls within the regional toll calling area (area codes 412, 724, and 878), which include two free calls per month.
- There is a charge\* for all National Directory Assistance listings, which includes up to two listings per call.
- Note: If you dial "0" (Operator) to reach 412, 724, or 878 Directory Assistance, an additional charge\* will apply.

Directory Assistance operators do not have information pertaining to non-published phone numbers.

### SOME WAYS TO SAVE ON DIRECTORY ASSISTANCE CHARGES

- Look in your directory first. The telephone directory is in alphabetical order. Look for abbreviations as if they were spelled out.
- Write down numbers you call frequently. Also, circle or underline numbers in your directory for quick reference.
- To get the telephone number of someone who has recently moved, call the old number. A referral to the new number is usually provided, unless it is a non-published number.
- To avoid a second call to Directory Assistance, always give complete information the first time, such as correct spelling of the name and address, including community or locality.
- When you're not sure of the name or spelling of a restaurant, theater, store, or business, check the Yellow Pages under the appropriate heading for the listing.
- Numbers in the directory that are preceded by "TDD" are associated with telecommunications devices for the deaf.

### DIRECTORY LISTINGS FOR TDD (TEXT TELEPHONE) USERS

A Text Telephone (TDD) user can have a listing in the telephone book to indicate a TDD (Text Telephone). The listing may appear in the directory in one of two ways. Examples:

Brown, D D  
Text Telephone (TDD) Only 44 Fourth St. 724.555.9000

or

Brown & Co  
Text Telephone (TDD) & Voice 55 Fifth St. 724.555.8000

### DIRECTORY ASSISTANCE CHARGE EXEMPTION

If a disability makes it impossible for you to look up numbers in the local telephone directory, your Service Representative can provide you with the necessary form to exempt you from local Directory Assistance charges.

\* To verify rates call CCCS customer service toll-free at 1-844-496-1617
