Description of the Planned Network Change(s):

The Fidium Enterprise Services, LLC MN (OCN 1427) Mankato D12 Switch MNKTMNXM38G and MNKTMNXM12T, located at 221 East Hickory Street, Mankato MN 56001, will be retired and removed from the network after all traffic served by this switch is migrated to the Fidium Enterprise Services, LLC MN Mankato Ribbon C20 MNKTMNXMPS0 located at 221 East Hickory Street, Mankato MN 56001. All traffic to be migrated includes but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), Intra-LATA, Local, wireless, and paging traffic.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers that have trunking do need to update records of trunk groups currently terminating to the Mankato D12 to reflect the move to the Mankato POI MNKTMNXMPS0. Carriers that are code holders for access connectivity in the Mankato D12 Switch will be required to rehome the codes to the Mankato POI MNKTMNXMPS0.

ASRs for the Mankato POI must be received in order to make changes to records. All traffic for these trunk groups will be migrated to the Mankato Ribbon C20. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Mankato D12 Switch (on or after **06/30/2026**). This will serve as a guide for interconnecting companies to update their records reflecting the new CLLI and switch type.
