

SHARED FEATURE GROUP B AND/OR FEATURE GROUP D SERVICE AGENCY AGREEMENT

I. Purpose:

This agreement authorizes Fidium Fiber to route _____
(Entity #1's) originating Feature Group B and/or Feature Group D traffic to _____
(Entity #2's) facilities in designated LATA(s) or State(s).

II. Parties:

The entity which desires to have its Feature Group B and/or Feature Group D traffic, which is associated with a particular Carrier Identification Code, routed to another entity is designated as Entity #1. The entity to which Entity #1's traffic will be delivered by Fidium Fiber is designated as Entity #2. In this agreement, Entity #1 and Entity #2 are identified as follows:

Entity #1	Entity #2
Name:	Name:
Address:	Address:
City: Sate: Zip:	City: Sate: Zip:
ACNA:	ACNA:
CIC:	CIC:
Contact Name:	Contact Name:
Contact Tel:	Contact Tel:

III. Carrier Identification Code(s)

This agreement applies to the following Feature Group(s) and Carrier Identification Code(s) currently assigned by Telcordia to Entity #1.

Feature Group(s)	CIC(S)

IV. The LATA(s) or State(s)

This agreement applies to Entity #1's Feature Group B and/or Feature Group D traffic associated with the preceding Carrier Identification Code(s) that originate in the following LATA(s) or State(s):

Terms:

- a) In the LATA(s) or State(s) listed above, Entity #1 agrees and authorizes Fidium Fiber to route all of the Entity #1's Feature Group B and/or Feature Group D traffic associated with the above listed Feature Group(s) and Carrier Identification Code(s) to Entity #2's facilities.
- b) Fidium Fiber will render billing to Entity #2 for all nonrecurring charges associated with establishing the routing arrangement for the Feature Group B and/or Feature Group D traffic associated with the above listed Feature Group(s) and Carrier Identification Code(s).
- c) Fidium Fiber will render billing to Entity #2 for all Feature Group B and/or Feature Group D usage charges associated with the above listed Carrier Identification Code(s).

* For ordering and billing purposes the ACNA for Entity #1's CIC code(s) will be that of Entity #2.

- d) Entity #2 is responsible for payment of all associated nonrecurring and recurring charges for the above specified Carrier Identification Code(s) in the above specified LATA(s) or State(s).

Entity #2 will be subject to all tariff provisions in the payment of the charges. In the event that Entity #2 does not pay the charges associated with Entity #1's CIC, Fidium Fiber will have final recourse against Entity #1.

- e) Fidium Fiber will only process usage claims for the Carrier Identification Code(s) listed above from Entity #2. Fidium Fiber will not resolve any billing disputes between Entity #1 and Entity #2.
- f) Entity #2 is responsible for ordering sufficient trunks from Fidium Fiber for Entity #1 and Entity #2's traffic. Entity #2 is responsible for paying for charges related to ordering or rearranging trunks.
- g) Entity #2 remains accountable for compliance with all regulatory requirements, including access tariff provisions, with respect to all traffic carried on its facilities.
- h) If Entity #1 and Entity #2 terminate their business arrangement:
 - i. The terminating party, whether it be Entity #1 or Entity #2, must provide Fidium Fiber and the other Entity 60 days' notice in writing that this agency agreement is canceled.
 - ii. Entity #1 (or an agent of Entity #1) is responsible for submitting a new ASR informing Fidium Fiber what to do with the traffic associated with their Carrier Identification Code(s).
 - iii. Entity #1 is also responsible for all charges associated with ordering sufficient facilities to handle their traffic if it will be carried on their own facilities. If the traffic will be routed to another Entity #2, then the new agreement will supersede this one and all Terms and Conditions of the new agreement are applicable.

- iv. This agreement is effective upon execution by both parties. This agreement is in addition to the normal ASRs required for Feature Group B and/or Feature Group D Service. Normal ordering intervals apply to Feature Group B and Feature Group D Services necessary to perform the routing of traffic described under this authorization.

V. Authorized Signature

The undersigned understand and agree to the above terms:
